EUROPEAN PHOTOGRAPHY BOOKMARKS for € 69

BOOKMARKS are our successful mini-budget advertising format. They measure 97x30 mm, are in color, have two lines of text . . . and advertise for you not only in the print magazine but also – for six months – on our website Equivalence.com

The Bookmarks are an **inexpensive alternative** to our ads, and are intended for photographers, galleries, publishers, festivals, auction houses, print studios and other service providers who would like to reach our readers in over 60 different countries.

There are exactly **15 Bookmarks** per issue. Reserve yours now to make sure you are in our January–June print edition and enjoy full online presence till 30 June 2016.
